

Les Constancies, a renovation project in La Dordogne, France

First sighted in November 2006, renovation works commenced in summer of 2007 and substantial completion was achieved during the year 2009. During 2010 the interior of the main building was completed and used for habitation for the first time in the summer of 2010.

AFTER (2009)

SOUTH FAÇADE

The south façade; which still awaits completion when the low buildings to the left are demolished. The barn on the right also awaits renovation – a separate project!

WEST FACADES: Showing the cottages to the left (*CABANES*) and the main house during its peak of demolition (dec 2008) and after its completion in spring 2009.

SWIMMING POOL: completed in spring 2009.
